

20th International Symposium on Geodynamics and Earth Tides

25-30 August 2024, Strasbourg (France)

Early-career scientist prize

We are glad to announce that during the next G-ETS 2024, an early-career scientist prize will be awarded to a scientist being a researcher within 10 years, or equivalent full-time working, of receiving a PhD.

CRITERIA

- 1/ Novelty & quality of the research.
- 2/ Quality and design of the presentation.
- 3/ Ability to answer questions.

Each point will be rated from 1 to 10.

PROCEDURE

- Candidates must have had a defense of their **PhD after September 1, 2014**.
- Candidates must present their work as a first author at G-ETS 2024 either as oral or as poster; during submission of their abstract, they need to **put in the Comment field** that they apply to the early-career scientist prize.
- Every G-ETS 2024 attendant will be able to vote anonymously during the symposium: QR-codes will be provided for fast and easy voting but also a few paper sheets will be available.
- The scientific organizing committee and the conveners of sessions will make the final decision based on the polling results.
- The awardee will be announced at the end of the Symposium, after the last oral presentation, on Thursday 29th of August.
